Subject: Multi year tariff proposal for first control period commencing 1.4.2011 submitted by Bharat Star Services Pvt Ltd and Annual tariff proposal for first tariff year 2011-12 - reg

Dear Sir,

With reference to your letter AERA/20010/MYTP-IOSL/2011-12/216 dated 28th April, 2011 we are glad to understand that the ITP service at IGI has been determined as material but competitive being considered under the "light touch approach" to determine the tariff for first control period.

The tariff proposed by M/s BSSPL is in line with our ITP concession and may kindly be considered for approval. Since the concessionaire has not been able to realize any revenue since 28th July 2010 the charges proposed may kindly be approved.

We have no further comments on the observations and tentative directions by the Authority, as set in para 6 of Consultation Paper No.03/2011-12

Yours Sincerely,

For Delhi International Airport Private Limited

Pradeep Panicker
